Mayberry-Smith.

Wednesday night at the home of the bride's parents, west of Elba, Miss Bessie Jewel Mayberry was married to Mr. O. C. Smith, Rev. H. B. Urquhart officiating. The marriage took place at 7:00 o'clock, in the presence of a few friends and relatives.

The bride is the charming daughter of Mr. and Mrs. J. T. Mayberry and groom is the son of Mr. W. C. Smith of Beat 19, and is a splendid farmer. We wish them a long and happy life.

A Card.

To the voters of Coffee County:
 Having been confined to my room for three weeks, and under the instructions of Dr. Thigpen, of Montgomery, who operated on me, my present condition necessitates my withdrawal from the race for circuit court clerk.

I desire to thank my many friends who have done so much for me, promising them that it shall be justly remembered.

W. J. Horn.

For Diseases of the Skin.

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barbers itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by All Dealers.

Elba's new born band was on for practice Sunday afternoon and gave a concert on the banks of White Water. The boys are practicing faithfully and will soon be able to furnish a first-class quality of noise.

Fully nine out of every ten cases of rheumatism is simply rheumatism of the muscles due to cold or damp, or chronic rheumatism, neither of which require any internal treatment. All that is needed to afford relief is the free application of Chamberlain's Liniment. Give it a trial. You are certain to be pleased with the quick relief which it affords. Sold by All Dealers.

President Barrett, backed by the Farmers Union, is doing his best to have the government prohibit the sale of cotton futures.

He says gambling in futures is a very bad thing for the farmers, and many good men agree with him. On the other hand some of the leading farmers and public men say that speculation in cotton helps to keep up the price by taking off the market all surplus cotton. We cannot help but believe is a good deal in this latter contention. That if only the spinners were buyers and only the farmers sellers the spinners would have the advantage in every deal, because the spinners are already united, they act together, they are a compact body; while the farmers are too many to ever act as a whole. Besides this, few farmers, comparatively have any surplus capital, and are compelled to sell their crop as soon as it is gathered. Under such conditions it is easy to see that spinners could and would force down the price of cotton if growers were forced by necessity to sell. Here is where the speculators benefit the farmers when cotton gets low the speculators buy, hence the spinners are not able to get enough to supply their needs and to get it they must out bid the speculators, as a consequence the price goes up.

Are you frequently hoarse? Do you have that annoying tickling in your throat? Does your cough annoy you at night, and do you raise much in the morning? Do you want relief? If so, take Chamberlain's Cough Remedy and you will be pleased. Sold by All Dealers.

A Timely Protection.

Everyone knows the after effects of La Grippe are often more dangerous than the disease. So often it leads to pneumonia, which a weakened heart action makes fatal. La Grippe coughs that strain and weaken the system yield quickly to the healing and strengthening qualities of Foley's Honey and Tar. Sold by City Drug Store.

Pine Union.

Rev. Loftin, filled his regular appointment at the New Hope Baptist church Sunday.

All singers are invited to meet us at New Hope second Sunday afternoon at 2 o'clock, for the purpose of organizing a Sacred Harp singing society at this place.

An epidemic of pneumonia has passed through this section, several deaths occurring.

The phonograph musical convention met at regular meeting place Sunday afternoon, members present were: W. Bachlor, W. G. and J. M. Shepard. These three being especially adopted to listening at phonograph music.

The farmers of this section are rejoiced with the beautiful weather, should it continue they will begin planting immediately.

Remember Nasworthy the beef and cattle man.

The good ladies of this section of the county are in need of wood as the candidates seem to be in the southern part.

Mr. J. A. Lester who has broken the post record says he is now supplied and will not get any more.

Card of Thanks.

Allow us thus to express our heartfelt gratitude to our friends and neighbors who were so kind to us during the last sickness and at the death and burial of our wife and daughter, Julia Plant, also to Dr. Coston who was so untiring and faithful in his efforts.

We thank you all and pray that God may reward you. Your loving sympathy comforts more than you can know.

William Plant,
 T. J. Plant and family.

From Mr Goodson.

I understand report is out in some sections that I have quit race. I am in to stay to the end. Please give publicity to this and oblige.

Coughs That Hang on.

Coughs that start in the fall and hang on until spring are sure trouble breeders unless checked and cured. Bronchitis, pneumonia and consumption are the direct result. Foley's Honey and Tar cures the cough, stops the hard breathing and heals and soothes the inflamed air passages. Refuse substitutes. Sold by City Drug Co.

News of North Coffee.

Ed. Clipper:
 I cannot give you much news but will give such as I know. Farmers are busy at work now since the weather moderated preparing their lands for planting.

The roads are in bad condition, especially those that have not been worked since the heavy rains. The apportioners and over-seers should give them attention at once. It is necessary that the work be done now.

Mr. R. H. Griswold made a business trip to Brundidge the first of last week.

Messrs. Joe Dismuke and G. L. Belk made a flying to Enterprise Saturday.

Rev. Loftin filled his regular appointment at New Hope Saturday and Sunday.

We understand that our friend, W. J. Horn, who was a candidate for Circuit Clerk, will not make the race on account of illness from pneumonia. We regret this very much.

Our friend, Carroll, candidate Clerk, was mingling with friends in this community the latter part of this week. John is a good mixer with all he meets.

Hon. J. T. Egerton, who is a candidate for sheriff, is certainly a hustler, and if elected will make the county a good officer.

Well it won't be long before some of the candidates will have to look out for another job. Look out boys.

Chamberlain's Stomach and Liver Tablets are safe, sure and reliable, and have been praised by thousands of women who have been restored to health through their gentle aid and curative properties. Sold by All Dealers.

Mobile is preparing to take care of the old Confederate Soldiers who will attend the reunion in that city in royal style. The best of everything will be free to these old pots of the South, and they should all be there. Each one is wanted and will receive a warm welcome, and every town and every community should see that the old soldiers all have the money to go on.

Rural mail carriers are generally loaded down now with campaign mail when they begin their rounds each morning. The rural vote is certainly being assiduously cultivated by both county and state candidates.

A Pleasant Physic.
 When you want a pleasant physic give Chamberlain's Stomach and Liver Tablets a trial. They are mild and gentle in their action and always produce a pleasant cathartic effect. Call at All Dealers drug store for a free sample.

Executive Committee Meeting.
 Managers Name For Primary On Mar. 19.
 Saturday afternoon at 2 o'clock the county executive Committee met at Enterprise. All members were present except Committee-man King of beat 5, Weed, of 15, Faris, of 16, Lee of 18 and Nolin of 21.
 Committeemen Egerton, of beat 11, who is candidate for sheriff, resigned, and Joe Dismuke was elected to fill vacancy. The list of persons who have filed names as candidates and paid fee were reported by chairman Carnley, and the committee formally declared them the candidates in primary. They are as follows:
 For Probate Judge: S. N. Rowe and W. H. Warren.
 For Sheriff: J. T. Egerton, W. J. Ham, Jr., Odus F. Lightner, A. M. McIntosh, John D. Stewart, C. R. Talbot.
 For Clerk: S. Horace Brook, John W. Carroll, Ed Goodson, W. L. Maddox, W. A. McGivray.
 The names above are given alphabetically, and will appear on ticket that way.
 The committee gave candidates for delegates to state convention till April 9th to get names on the ticket, and passed motion to have 12 votes in convention with right to vote as many votes as county may be entitled to. It fixed \$5 as fee for getting name on ticket.
 The committee fixed \$20.00 as fee to get name on ticket for representative, and allowed till 40 days before May 2, to get names on ticket, so that March 21 is last day candidates for representative can enter race.
 The committee named managers for the primary, as appears elsewhere in The Clipper.
 The Committee will meet in Elba on March 26 to canvass returns of primary.

Notice to Candidates.
 At a meeting of the Democratic County Executive Committee of Coffee County, on March 5th, 1910, the following resolutions were adopted:
 RESOLVE: That it is ordered by the Democratic Executive Committee of Coffee County, Alabama, that each candidate for Representative of Coffee County, Alabama, in the Legislature of Alabama, shall file with the Chairman of this Committee, at least forty days before the primary election to be held on May 2nd, 1910, according to the order of the State Democratic Executive Committee, his Declaration of candidacy, and to pay to the Chairman of this Committee, the assessment fixed by the State Democratic Executive Committee, viz: \$20.00, at least forty days before the date of said Primary.
 Resolved further, that Coffee County elect twelve delegates to the Democratic State Convention, to be held on May 17, 1910, at Montgomery, Alabama, and that each candidate for delegate to said Convention, pay to the Chairman of this Committee, the sum of \$5.00, and file with said Chairman, his Declaration of Candidacy, on or before April 9, 1910.
 Done by order of the Democratic Executive Committee, March 5th, 1910.
 J. A. Carley,
 Chairman.

Church Sale.
 The old Methodist church building and lot on Simmons street will be sold at public auction in front of court house at 11 o'clock on Monday, March 21, for cash to highest and best bidder. For other information see W. B. Perdue.

The ELBA CLIPPER.

THE BIGGEST & BEST YET.

THE CLIPPER offers its readers the best and biggest combination it has ever been able to procure. It is not as showy an offer as it has made in the past, but it is decidedly the best. There is nothing in it that you cannot use; and each item is the best of its class.

Here is The Offer.

The ELBA CLIPPER one year, twice every week, home and county and state news, Regular price \$1.00

SOUTHERN FARM GAZETTE one year, a weekly farm paper, covering conditions here. Regular price 1.00

12 Papers Best Garden seed fresh, good, true to name, and best that money can buy. Regular price .60

Regular price of all 2.60

ALL FOR \$1.40

Till March 21st.

THE CLIPPER you know; we want to tell you about The SOUTHERN FARM GAZETTE. It is a farm paper such as you need to help you on your farm; it is not the sort that tells about so many fancy things that you cannot use or try, but it is a Mississippi and Alabama farm paper. It helps at the kind of farming you do and are trying to do. It is not over your head, but is on a level with you. Then it is a weekly paper; most farm papers that you see are published every two or four weeks, this one is published once a week, and so is much more valuable than monthly or twice a month papers.

THE SEED are Amos Golden's best—the sort we have in years past given in combinations; they are fresh, and the best money will buy.

Below you will find an order blank, mark opposite each sort of seed number of papers you want up to 12, and we will send them by mail to you. We will send to one person and papers to another, or one paper to another, or almost any way you want, if you'll write us a letter telling how you want it filled.

You may want to know how we do this. Well in the first place it is a bargain offer we make just to make things lively. In next place, we have bought the Farm Gazette subscriptions in large number at close price and the seed the same way.

Order Blank.

Elba Clipper, Elba, Ala.

Please send me your special offer of Clipper, one year; Farm Gazette, one year; and 12 papers seed as marked below:

I have marked opposite names of seed number of papers that I want of each sort. I enclose money order for \$1.40.

a high grade goods, is being put up by us
this year. We want you to try it; it has
a higher per cent of plant food than almost
anything commonly sold. It will make cot-
ton better than anything you can get.

What the Test Shows.

The state of Alabama furnishes the farmers a service
they do not use enough—bulletins of what has been
found out about fertilizers by the State Chemists and
special agents of the agricultural department.

The special agents go from place to place and open
sacks of guano and take therefrom samples—the makers
of the guano have nothing to do with it—they cannot say
which sacks are to be opened. These samples are exam-
ined and analyzed by the State Chemists. Last year the
samples taken from fertilizers made by us showed much
higher commercial values than we stated they had. On
one brand it went several dollars more per ton. The
farmers got the benefit of this. Our goods were better
than the guaranteed analysis said that they were. If you
want to read about this, write the Commissioner of Agri-
culture at Montgomery for a fertilizer bulletin.

We intend to keep making high grade goods. We
have no old name or old reputation to sell our goods. We
sell them on the merit of what they have in them. We
want you to buy them this year. YOU CANNOT DO
BETTER.

Agricultural Committee Will Recommend Drastic Action.

Washington.—It is said that the house committee on agriculture will report a bill early next month making it a penal offense to deal in futures on farm products.
The bill will be the outcome of the hearings now in progress before the committee. But the advocates of this legislation admit there is only slim chance for the bill becoming a law. They base their opinion on the record made out 20 years ago when the house was wild with enthusiasm for the anti-option bill which held the attention of the country for months.

Women

Women who suffer from female ailments, frequently neglect their trouble, till a general break-down follows. Don't wait till your case is as bad as that—take Cardui in time. It is a safe, reliable medicine, for all women.

Take CARDUI

Mrs. Rena Hare, of Pierce, Fla., tried Cardui and afterward wrote: "I was a sufferer from all sorts of female trouble, had pain in my side, drawing pains in my legs, could not sleep, had shortness of breath. I suffered for years, until my husband insisted on my trying Cardui. The first bottle gave me relief and now I am almost well. Try Cardui. It will help you."

School Notes.

We are in the midst of reviews for the spring examination this week. I wonder how many of us will get on the honor roll.

Last Friday Mr. Frank Rainer told our superintendent that he was welcome to some pretty oak snags on Mr. Rainer's plantation. Mr. Benson called for volunteers among the boys who would go and dig the trees and transplant them on the school ground. The following responded: Dana Perdue, Leroy Bullard, Wallace Law, Ex. Parker, Mayer Strickland, and Arthur Dubose.

Afterward these helped to plant the trees on the ground: Norman Ham, Seph Blue, Greely Rowe, J. M. Rowe, Sam Blue, Will Brunson, John Farris, Alto Barker, Otho Rowe, Orville Alford, and Luther Morris. There were eleven trees, one for each grade.

We are delighted to have the electric lights once more in the auditorium at public entertainments.

By the way, dear Mr. Editor that was a good piece you wrote about disorder in audiences. But that whispering is not always done by students.

Our school is proud that so many of those who applied for certificates to teach at the last examination were students of our school. Not far from one half of the Coffee county applicants who passed the examination are now or have been students of the Elba Free School.

Two beautiful tennis courts have been laid off in the "Pine Grove," and on pretty afternoons when school is out the young people indulge in this fine exercise.

Monday night the senior class met to study the stars, under the direction of our teacher. We never dreamed before that this study is so beautiful. We learned the names of all the grand constellations that were up, and of the seven bright stars. The first magnitude that we could then see. The seniors and teachers lately presented to the library a large and elegant book called "The Stars." The word "The Stars" is a treasure and the immense value is indeed a treasure of wisdom.

Enough for this time.

Olyde.

Taylor's Mill School.

Friday night last we closed our school here with an excellent concert. A large crowd of potrons and visitors were present and for two hours gave us the best of attention and behavior. The children all acted their parts well, the applause at times would remind us of a political gathering.

Now Mr. Editor, when we speak of the Taylor's Mill community we speak of a world of Taylors and they are all good people. I am especially indebted to the school trustees and the Ladies School Improvement Association for their splendid co-operation throughout the term. These good ladies, Mesdames Compton, Sharpier, Taylor and Miss Bonnie Parish, secretary of the association have certainly been very helpful to the school.

The prize for the best scholarship and deportment was awarded to Miss Vester Compton. The penmanship prize to Oscar Vaughn. Minor prizes were awarded to several other pupils.

The honor roll for the entire term is as follows: Vester Compton, Bonnie Parrish, Jonnie Davis, Lelia Parish, Gladie May Compton, Colia Sharpier, Estelle Clark, Oscar Vaughn, Ellwood Taylor, Alzie Taylor, Dave Vaughn, Jessie Taylor, Bamma Hickman, Oscar Prescott.

In conclusion, Mr. Editor, I

must again thank these good people

for their kind and hospital treatment at their homes and at school and elsewhere. At all times they have been thoughtful and kind. There will always be a tender spot in my heart for the all, and I trust the time I have spent among them has been well spent, and that the seeds I have sown in the cause of education will bring a rich harvest for many days.

Respectfully,
Chas. J. Windham.

Compliments Bankhead.

Senator Bankhead is too busy in Washington looking after the interests of his people, to pay any attention to the rumpus White is kicking up down here. Wonder if the grand old Senator knows he has opposition? Bet he doesn't for such small things never reach Washington.

Headland Post—3-1-10.

"We Farmers" are all for Bankhead, because he is the man who is always looking after the people. He is too good a senator to be defeated this time. Watch the prediction.

-Athens Courier-3-2-10.

Hon. John B. Knox of Aniston has announced his candidacy for the seat in the U. S. Senate now held by Hon. John H. Bankhead and on Thursday last issued a lengthy statement of why and wherefore. Mr. Knox is one of Alabama's most brilliant and distinguished citizens, but his statement is decidedly disappointing there is too much poignancy in faultfinding with the other fellow. The other fellows are all wrong and nonentities, and I am the "big it" of the Alabama Democracy, is too much in evidence in Mr. Knox's tirade.

-West Alabamian-2-28-10.

Bacon Items.

Dear Clipper:—As it has been some time since I have seen anything in The Clipper from our part of the woods I will give you a few notes.

We are having some spring weather now and the fruit and other trees are patting out their buds.

Summer time will soon be here and all-day singings, fried chicken and watermelons will all be ready to pull.

The people are beginning to plant corn, and much of it will be planted next week if the weather continues favorable. Some few of the farmers are not yet ready to plant, as they have not finished breaking out their lands.

We have one of the best Sunday Schools in the county each Sunday evening at 8 o'clock, and in the afternoon at Union church. Everyone is invited to come and bring someone with them.

Quite a number of people from Bason attended the Southwest Sunday School convention the last fourth Sunday, and all reports a splendid time.

Rev. A. J. Brooks preached at Bason school Saturday night and had a real good crowd to hear him. We hope that he will come again soon.

There will be a singing society organized at New Homestead at the second Sunday in March, and on at Bason's school house the fourth Sunday. Every body is invited to come and bring their song books. The people here will furnish dinner for the crowd, and will furnish watermelons later on.

The Indians passed through our part of the county Friday en route to Enterprise, doing some harsh things as they passed. It was a novel sight for most of us to see the Indians.

Uncle Snopp.

Unexpected Ignorance.

It is distressing how much ignorance there is about these days of vaunted educational advantages. And it provokes indignation where least expected. Next thing we know Major Barron, of the Advertiser, will be having J. Coasner and Weatherford fighting together against Peter the Great, in the Boer war, and Brother Graves, of the Brundidge News, will be having Anthony Wayne in the Confederate Army.

Not that the aforementioned authorities have been making breaks on history, but after seeing what Watterson Stealey, one of the brag correspondents at Washington, says in a letter in Wednesday's Age-Herald, we are prepared for anything; here's the bunch of misinformation Stealey gives the unsuspecting Age-Herald readers:

The death of Senator Platt of New York has finally brought out the story of the republican presidential victory in 1888. Platt wrote it in the early nineties and gave it to a friend with the request that it be printed until the die.

It makes its appearance to day. According to Platt, Senator Elkins came to him during the republican convention and offered him the secretaryship of the treasury, if he would deliver New York's delegate vote to Garfield. Platt consented and Garfield was nominated and elected. Shortly before the election Matt Quay, the chairman of the republican national committee, came to Platt and told him that the electric of Garfield was in great doubt, and Cleveland would win unless \$150,000 more could be once be raised.

Platt got the money for the Garfield campaign fund, Garfield was elected, but did not appoint Platt. It is all ancient history now, but it is an interesting story of republican bribery and failure to redeem promises, and no one doubts but what it is all true.

We thought knowledge of current and recent political history was a sine qua non in the selection of Washington correspondents. It seems that it is not so.

We wonder how many of the big boys and girls of Coffee County's schools are being taught history in a way that will keep them from making breaks like the above? We wonder how many can tell off hand when Garfield was killed; can tell who was his democratic opponent, when he ran for president and was elected, and who was Cleveland's opponent in 1884, 1888, and 1892?

We had always been a little vain over newspaper men being well posted, but when men of the standing of Stealey, makes such breaks, we are prepared for any display of ignorance, even from men like Barron and Graves.

Figuring For Water Power.

Troy Messenger.

"There is nothing especially new in the street railway situation said Judge W. R. White this morning when seen by a Messenger man. "Plans are steadily going forward and the company desires to survey the Elba line when the surveyors come to Troy again. Correspondence is going on now, with this end in view."

It is understood that the company promoting the Troy proposed railway has made a proposition for water power at Elba and this is now being pushed. It is also understood that if this can be successfully terminated the survey for both the Troy line and the Elba line will be taken up at once.

We will have quite a bit of politics of various sorts this year. Two county primaries; one state primary; a state convention; a congressional election; and a general election of state and county officers. You need this paper this year and you ought to take it.

Just a little while till the county primary.

Mr. Brown Here.

Yesterday Hon. Cyrus B. Brown of Montgomery county, who is a candidate for Secretary of State was at Elba on a tour of the state. He met much encouragement here.

Mr. Brown is Chief Clerk in the office of the Secretary of state, and has served in that and other capitol offices many years. He is the man about whom The Clipper has had things to say about knowing how and doing it.

Mr. Brown is responsible in no small way for the great improvements and economies in the insurance and other departments of the office of secretary of state, which advances have helped all the people of the state.

As Clerk of the House of Representatives Mr. Brown shone. Despite unpleasantness at times with unremitting toil, he kept the records so that no dead law is charged up to him. Members of the House, no matter how they have been divided from him in the past on other matters, unite in saying that so wonderfully capable a man as he ought to be made Secretary of State.

Cy Brown held an humble position in a print-shop when he went to work at the capitol. He stuck; he has never had any of the big paying jobs. He knows how. He is second man in the Secretary of State's office, asks promotion on the one ground that he knows how to do the work right and will do it right. He's a winner and it is a good thing that he is.

His county committee, that of the great county of Montgomery, indorses him in the highest terms for his ability, as do all who know his worth.

Happy Marriage.

Wednesday night at 8 o'clock, at the home of the bride's mother in Enterprise, Miss Minnie Lee married to Mr. William White, Rev. B. C. Glenn officiating. Immediately after the ceremony the happy couple left for Elba where they will live.

The bride is a charming young lady of many lovable qualities, while the groom is a fine young man. We wish them a long and happy life.

Mr. Symonds Arrives.

Last night Mr. Fred Symonds and family arrived from Oklahoma to make Elba their home. Mr. Symonds is a successful business man and talented construction engineer, and has had much valuable experience at the head of large manufacturing concerns. He is a man of means, ideas and energy, and his coming to Elba with his estimable family is gratifying.

Mr. Symonds has purchased the entire stock of the Elba Telephone Company and has also purchased the residence of Mr. E. Wise. We welcome him and his interesting family to Elba.

Mr. W. J. Bowden, who for several years has been assistant cashier at The First National Bank of Elba, has moved to Dozier and accepted a position with the First National Bank of that place.

Mr. Bowden is an expert in his line, knows the banking business thoroughly, and the Dozier bank was fortunate in securing his services. Every citizen of Elba regrets to see Mr. Bowden leave here. A more accommodating, courteous, or more valuable citizen has never lived in this town. We hope that he may find life pleasant and profitable in his new home, but we would be glad to hear that he was hiking back to Elba.

Special attention is called to Sachs shoe mention in Vaughn & Kendrick's ad.

70,000 ON STRIKE

Sympathetic Walk-Out of Organized Labor.

STRIKERS ARE RIOTOUS

Union Men of All Trades Rally Around Union Labor Standard to Back Up Fight of Trolley Men Against Philadelphia Car Company.

Philadelphia, Pa.—Disorder in many parts of the city marked the first day of Philadelphia's great sympathetic walk-out of organized labor to back up the fight of the trolley men against the Philadelphia Rapid Transit Company. Nearly every section of the city had its tail of cars attacked, of men assaulted by strikers, or sympathizers, or of clashes with police when the latter tried to disperse the crowds.

The scene of the most general disturbances was in the very center of the city. The greatest trouble was experienced by the police at Independence Square, where, despite the announcement by Mayor Rehrman that no demonstration could be held on that historic ground, a crowd estimated at 25,000 persons gathered to participate in or watch the demonstration of organized labor.

Policemen, mounted and afoot, were there by the score with strict orders to keep the crowd moving. This was accomplished, and it is due to the patience, carefulness and steadiness of the police that no serious outbreak occurred. A great crowd of strikers paraded through the square and were not molested by the police.

There was a wide difference of opinion as to the extent of the strike. The committee of ten of the Central Labor Union, which is conducting the strike, in a statement made, announced that reports show that 70,000 union men are out and that the walk-out has affected 30,000 other workers.

STRIKE MAY WIDEN.

Remember That Walk-Out May Be Called in Other Cities.

New York.—In labor circles it is reported that Samuel Gompers, of the American Federation of Labor, is in Chicago to consult labor leaders with the view of calling a strike of car men in Cleveland, Pittsburgh, Omaha and San Francisco in sympathy with the Philadelphia car strike.

The Philadelphia Traction Company is said to be a large holder of securities in the traction companies in these cities.

Chicago.—President Gompers would neither affirm nor deny the report that his chief mission here was to consider the question of calling out the street car men in four cities mentioned in a dispatch from New York. "It's a matter I don't care to discuss," was all the labor leader would say.

BABY'S THRILLING RIDE.

15-Month Old Youngster Has Remarkable Experience.

Galveston, Texas.—When Walter Wilber, the fifteen months' old son of Franklin Wilber, a prominent stock man, of Big Springs, disappeared from home the first suspicion was that he had been kidnapped. Following this theory, several strangers about town were arrested. But as trace of the infant was found until word came from Barstow, 150 miles west, on the Texas and Pacific railroad, that a child had been taken up from the trucks of the California Limited.

Just how the child got to the trucks is a mystery. But greater still is the mystery how the little fellow maintained his position on the train, which, through this section of the country, makes 50 miles an hour. The crisis of the baby as he scrambled from his perch beneath the train attracted attention. Inquiry among the passengers failed to identify the child, and the discovery was wired along the line.

DUEL ON STREETS.

South Carolinians Engage in Fatal Affray At Edgefield.

Edgefield, S. C.—Horace Hammond was shot and killed by W. Vance. Vance was arrested after the shooting.

The two men, both prominent farmers of this county, met on the street, which was crowded with people. They exchanged angry words about a debt and finally the tie was passed.

Then Hammond opened fire. Vance replied and they emptied their revolvers at each other at close quarters. As the last shot was fired Hammond fell, dying almost immediately. Hammond was shot in three places and Vance received two wounds.
